Pool Closing Time – Re-opening Spring '08 Time to Hit the Jacuzzi

Grilling with Napoleon and Taking the Chill Off the Patio

Water Testing Keeping Your Pool Covered – Safely! All Inside

The Hot Way to Chill

Whether you are looking for an intimate place to unwind or a favourite spot to entertain family and friends, Jacuzzi offers a series of high-quality hot tubs designed to fit your vision and budget.

Jacuzzi is known the world over as the leading brand in hot tub design and manufacturing. The Jacuzzi name stands for beauty, versatility and excellence.

Jacuzzi hot tubs are designed around their patented PowerPro Jet System. PowerPro mixes equal parts air and water to create a softer feeling, even from jets strong enough to massage muscles. With equal volumes of air and water pressure, the exclusive PowerPro Jet System and ergonomic seat styling makes it possible to achieve a complete range of massage types targeting specific muscle groups.

OPENING/CLOSING & POOL HEATER SERVICE – BOOK NOW, SAVE \$95!

As fall approaches it is time to book your pool closing. Please take time to review the **Packages** form and fill out your order which can then be dropped at the store, faxed, e-mailed, or mailed in.

By taking advantage of our **Close/Open** or **Works Package**, you'll receive a **\$75 coupon** for any BioGuard pool or spa chemicals. The **Package** also guarantees your chosen week for 2008 spring opening (weather permitting).

Take advantage of pre-booking your heater service and save \$20, plus receive priority scheduling in the spring. Not only will the pilot be lit but more importantly an overall check and cleaning of burners and electrical components will be completed to ensure heater is operating safely and efficiently.

A quick re-cap regarding changes in the The Technical and Safety Standards Association (TSSA) mandate. The TSSA states that homeowners are allowed to light their own pilot light. A pool service technician is NOT authorized to light a homeowner's pilot light or instruct the homeowner on how to do so. Only a properly licensed gas fitter can perform the task.

WATER TESTING

Mayfair recommends having your water tested at our water analysis station 2-3 weeks before closing down your pool. Closing a pool that is clean, clear and properly balanced, helps ensure better conditioned water in the spring.
